FIGHT RENEWED WITH VIGOR

Fate of France Said to Hang on Outcome of This Engagement.

STORM STRONGHOLDS

French Regain Original Position East of the Muse—Fight Side by Side with British Soldiers.

The war office at Paris today announced that the terrific onslaught of the German invaders against the allies defense had been renewed with increased vigor, and admits that "the fate of France hangs on the outcome of this engagement." Today's fighting is "progressing favorably to the allied cause," it says.

German troops are storming the strongholds of the defenders of Paris all along a 200-mile line, extending from Maubeuge, near Franco Belgian frontier, to the Donon, a mountain in the Vosges on the frontier of Alsace.

The allied lines along the northern and eastern frontiers are bearing brunt of the desperate advance of the Kaiser's men. All night long the invaders were re-enforced and fresh troops were being moved to the front for the battle which was resumed at daybreak.

Genral Poffre, commander of the French forces, devoted the same time to strengthening the weaker points in his defensive columns.

The forces in Alcase have been withdrawn to strengthen the defense in the north Muelhausen has been evacuated.

The French have regained their original position east of the Meuse, commanding the roads of the forts of Ardennes. French and British troops are fighting side by side near Givet.

London, August 26.—Reports from Ostend today say the German attack on the city has been renewed. Scouts report heavy bodies of German re-inforcements coming up and it is believed the city will be forced to surrender.

Steamers arriving at Folkstone report the presence of English warships near the Ostend harbor.

The London newspapers say the capture of Ostend by the Germans will be a direct menace to England, inasmuch as it is only sixty miles off the British coast. They profess to believe it is the intention of the German general staff to take the city and then to mount heavy guns to protect it from raids by sea. The danger of Zeppelin raids is also discussed at length.

There is no disguising the fear England has of "vultures of the air," as they are described in reports from Vienna. The narrow escape of the royal palace at Antwerp in yesterday's raids shows that the Zeppelins, operated by an expert—and Count Zeppelin, despite hs great age, has volunteered to operate one in person—can become a real menace. The distance across the channel from Ostend would be easily negotiated.

The bitterness of the feeling against England, and the fact that up to the present the British fleet is in tact, may lead the Germans to undertake an aerial raid which might have serious results.

Orrin Clark, of Fayetteville, N. Y., maddened because his wife swore out a warrant for his arrest, shot to death one of his neghbors, fatally wounded a second shot a third, and then ended his town life Monday night. Clark, barricaded in his home from an upper window fired four shots from a double-barreled shotgun into a group of men, women, and children, who had gathered in front of the house. Grace Hudson, aged 8, was struck by the first shot and fell dead in the street. Christ Poulos, a Greek, was shot in the head and probably fatally injured. When his ammunition had been exhausted Clark fled into the backyard where he killed himself.

A solemn requiem mass was said at St. Mary's Catholic Church this morning at 9 o'clock for the late Pope Pius X. Despite the heavy rain which was falling, the church was crowded with members of the parish, who joined in the services. The Rev. H. J. Cutler, rector of the church, was the celebrant. Father Cutler preached a short sermon on the life of the Pope, in which he told of the great good that he has accomplished. Special music was renderd by the choir. The church was draped in black.

MYSTERIOUS SHOOTING.

Crandal Mackay, Jr., Receives Bullet in Thigh Last Night.

Crandal Mackey, Jr., 21 years old, son of Crandal Mackey, comonwealth attorney for Alexandria County, Va., who lives at Rosslyn, Va., was shot from ambush about 8.45 last night a short distance from his home, as he was returning from Washington.

Earlier in the evening young Mackey had left the house for Washington to procure medicine for his grandmother, who is ill. On his way back and when about 200 yards from the house a shot rang out and young Mackey fell. Immediately another shot was fired. The wounded man struggled to his feet and made his way into his home and said that he had been shot.

His father put the son into his automobile and took him to Georgetown University Hospital, where it was found that young Mackey had been shot in his thigh. The bullet was removed, and the physician said that unless blood poisoning set in the young man would recover.

When young Mackey recovered sufficiently to talk, he told his father that as he fell after being shot he heard a voice say, "I think I have got him now." He said there was another man with the one who did the shooting.

The shooting occurred near a small electric light by the roadside, but owing to the heavy rain and the intense darkness young Mackey was unable to see far ahead of him. There is a thick growth of bushes along the road at this point, and it is supposed that the person who did the shooting was concealed behind these bushes.

Young Mackey was appointed postmaster of Rosslyn on Monday and the Senate has already confirmed him. He was to have taken the office today. The shooting is clothed in mystery.

SUGGESTIONS OF DEPARTMENT OF HEALTH TO PREVENT SPREAD OF TYPHOID.

Until further notice continue to boil water.

Cleanse and keep clean your premises of all grass, weeds and everything unsanitary.

Kill all flies, keep garbage receptacles covered, screen all windown and doors. Cover frequently contents of wells and privies with a solution made by adding to half gallon of water 3 ounces of crude carbolic acid.

If you have headache, feel tired, poor appetite, feel chilly or flushed, consult your physician.

Please obey the order of the police regarding the removal of grass and weeds from your gutters, yards and alleys.

All alleys are "private" and should be kept clean by the owners of property abutting thereon. If the garbage carts do not call for the refuse from your kitchen burn same or cover with carbolic solution mentioned above and bury it

LARGE CROPS OF WEEDS.

Attention Directed to Many Streets, Alleys and Lots Filled with Rank Vegetation.

The editorial in yesterday's Gazette which suggested that the spread of typhoid in Alexandria might be superinduced, in a measure, from the growth of weeds tolerated year by year in Alexandria, has caused a number of tidy citizens to cast their eyes into neighbors' back yards and gaze upon crops of poisonous growths which never should have existed. Some of these objects of neglect are in the heart of the city, and it would prove interesting reading were the Gazette to give the geography of of places now overgrown with Jamestown and other vigorous weeds.

The authorities generally allow them to grow until they reach maturity or are about to fall themselves, when they cut them down. Pods filled with seeds fall to the ground during this process and thus insure a large crop next year.

BLEASE BEATEN FOR THE SENATE

Returns Indicate Nomination of Incumbent by Democrats.

SMITH TRIUMPHANT.

For Governor, a Second Race Is Necessary, with Richard I. Manning in the Lead.

Columbia, S. C., August 26.—Returns late from the Democratic primary held throughout South Carolina yesterday indicated the nomination of United States Senator E D. Smith over Governor Cole L. Blease, W. P. Pollock and L. D. Jennings. With about half the vote heard from Smith had a lead of 8,200. The vote at midnight stood, Smith, 36,722; Blease, 28,519; Jenninggs, 922; Pollock, 833.

For Governor, a second race is a certainty, with Richard I. Manning the leader in the returns up to midnight, and Robert A. Cooper and John G. Richards as his opponents. The vote at midnight stood;

Manning, 11,361; Cooper, 10,799; Richards, 10,300; Clinkscales, 8,444.

Candidates for nomination as Governor, United States Senator, Congress and various State offices, voted for all yesterday's Democratic primary in South Carolina, late last night still were in doubt as to the outcome of their campaign.

Scattered and incomplete returns from various points indicated that Senator Ellison B. Smith and Governor Cole L. Blease were leading both L. D. Jennings and W. P. Pollock in the race for the Senatorial nomination. Interest was chiefly centered about this contest. Governor Blease has based his claims for nomination largely upon an anti-negro platform. He had promised that he would, if elected, oust all negro Federal employes from office in South Carolina. Senator Smith has attacked the various official acts of Governor Blease and has repeatedly announced that he was "running on his record."

Because of the heavy vote polled, the length of the ballot and the necessary delay in receiving returns from the rural districts, it was impossible late last night to determine which two of the eleven candidates for Governor would enter the second primary.

FEAR OF MASSACRE.

Christians in Turkey Suffering from Anxiety During European War.

Grave anxiety is felt by the administration because of the prospects of a general masacre of Christians in Turkey, danger of which has been communicated to the Dpartment of State by Henry Morganthau, Ambassodar to Turkey. Mr. Morganthau has taken the matter up with the sublime porte and with the Sultan himself, but, according to his advices to his government, the only assurance he has been able to obtain has been that the Sultan will do all in his power to protect American citizens.

According to the information acquired by the American Ambassador, the Mohammedans in Turkey are determined to avail themselves of the disturbed conditions in Europe and the fact that the great powers are engaged in a terrible military conflict, which would preclude the adoption of the punitive measures which under normal conditions would follow such a massacre, to visit their wrath on all Christians and Hebrews in Turkey, both Turkey in Europe and Turkey in Asia. According to Mr. Morganthau, no "dog of an unbeliever" will be permitted to escape if the Mussulmans have their way.

The Sultan, in response to the urgent representations of the American Ambassador, has promised to do what he can to protect citizens of the United States Mr. Morganthau pointing out that the United States is not engaged in war, and that this country would not hesitate to undertake reprisals for outrages perpetrated on its citizens.

Russians Trap German Force Upon Their Own Soil—Corner Foe in East Prussia—Win Series of Battles.

Rome, Aug. 26.—A dispatch from Antivari, Montenegro, says the fortifications of Cattaro, the Austrian seaport in Dalmatia, on the Adriatic, have been completely destroyed and that the Austrian commander is now parleying for terms of surrender. The bombardment of Cattaro wasconducted by a fleet of the allies. The Austrians did not have time before the attack to mine the Gulf of Cattaro.

London, August 26.—The German army which is opposing the advance of the Russians is virtually cornerd in eastrn Prussia, according to a dispatch today from the St. Petersburg correspondent of the Reuter Telegram Company, who says that the principal Russian losses in Prussia so far have resulted from the determination of the rank and file of the Russian army to get to the front.

"Although the mounted guards have suffered heavily," the dispatch goes on to say, "the infantry advances have been more than satisfactory. Mounted officers arriving in St. Petersburg, in relating their stories of the front, dwell on the fear displayed by the Germans of the Russian cavalry.

"Military experts say the equipment of the Germans is excellent, an dthat their artillery is good but their rifle shooting is deficient as regards accuracy. They add that the Japanese were infinitely superior in this respect in the Russo-Japanese war and accomplished in an hour what the Germans would require a day or two.

"It is stated that in one case a Russian squadron charged a battery and captured all its guns. The German soldiers are said to have discarded their rifles and the officers to have thrown off their swords and even their helmets."

REDUCE COST OF LIVING.

With the view of reducing the high cost of living, employes of the various steam railroads, along its main branches, are organizing a plan for co-operative, wholesale houses for the sale and distribution of food products. A branch may be located in Alexandria, it is stated. A stock company is being formed and small amounts of stock are being sold, but only to railroad employes.

One of the main distributing points, it is stated, will be in Spencer, N. C., and there will be others in large railroad centers along the line.

Tentative plans provide for opening branch houses, and the sale of its produce will be made only to railroad employes who join a club for purchase at wholesale price.

Promoters of the project say that they only figure on a small profit after all operating expenses are paid.

September wheat closed at $1.10 1-2 on Baltimore Chamber of Commerce yesterday. This is an advance of 18 cents a bushel over the closing figures one week ago. No. 2 red, Western spot and August closed 1 1-4 cents below the September figures.

Notwithstanding the denials of the Austrian government, certain Austrian troops are massing on the Italian frontier. The movements were discreet at first, but orders from Vienna in the last 48 hours compelled precipitate action, the effcts of which were visible at Trent, where there is an incensant movement of troops. The paper adds that there are also 80,000 Austrian troops at Innsbruck.

NEWS OF THE DAY.

Austria has declared war on Japan. The Japanese Ambassador at Vienna immediately handed his passports and will leave for Rome at the first opportunity. The council of the ministry, at which Japan's declaration of war against Germany was discussed was agreed that under the terms of the Teuton alliance Austria had no other course open to her.

Lena Casper, 17 years old, of Culpeper, Va., was arrested in Washington last night as a fugitive from her parents. She had run away from home to marry H. O. Day, a traveling man, she said. At police headquarters she said she had only known Day a short while, but that it was "a case of love at first sight." "I had a fuss with my stepmother yesterday afternoon and she said she wished I was away from her," said Miss Casper. "I packed my things and caught a train for Washington wiring my sweetheart to meet me at the train. We intended getting married tomorrow. They may take me home, but I will run away again."

Miss Casper will be taken home today. She was lodged in the house of detention last night.

A dispatch from Rome says that an official message from Vienna states that Emperor Francis Joseph has signed a decree ordering the capital to be put in a state of defense. Travelers from Trieste state that the Austrians are concentrating for the defense of the Adriatic at Pola and Sevenico. The population of the latter have been sent in land. All the Austrian fleet has been assembled in the Fasana Canal at Pola. A dispatch from St. Petersburg sets forth that Russian troops, following up their advantages in Galicia, have captured several passes south of Tarnopol, on theSereth River. Tarnopolo is 80 miles to the east of Lembergg. A division of Austrian cavalary has been routed in Galicia at a point close to the frontier. The Russians captured two batteries of artillery and 200 prisoners.

While the House Monday was passing a bill to print five thousand copies of The Hague convention treaties of 1889 and 1907, the proceedings were interrupted by Representative Mann. "In view of what is taking place in Europe," he said, "this strikes me as a sort of legislative sarcasm. If there is any useless body or theory anywhere at the present time it is The Hague peace tribunal."

General Powell Clayton died last night after a brief illness in his apartment in the Highlands, in Washington. He was 81 years old. Gen. Clayton was the head of the Arkansas family of that name. Following the Civil War, from which he emerged with the title of brigadier general, he was sucessively Governor of his State, United States Senator and Minister and Ambassador of the United States to Mexico. For more than forty years he was the Arkansas member of the Republican National Committee.

Horace Young, 50 years old, a farmer, of Damascus District, Maryland, was shot and killed by Jacob Gue, aged 35, a tenant on one of Young's farms, yesterday. Young, it is said, went to the farm occupied by Gue yesterday afternoon to discuss the marketing of corps and a controversy arose. It has not been learned who was the aggressor, but it is said Gue got his rifle and fired at Young at close range, the load entering his body near the heart. Gue was arrested.

The entire United States fleet, including the newest dreadnoughts, will be able to pass through the Panama Canal by September 15 should occasion arise, declared John Barrett, director of the Pan-American Union.

That the order of Emperor William to the garrison at Tsingtau to resist to the last breath the Japanese siege is virtually the death warrant of every one of the 7,000 defenders is the opinion of an American who has just arriver at Pekin from Kiaochow.

A dispatch from Marshfield, Oreg., says two German cruisers, the Nurnberg and Leipzig, the Japanese cruiser Idzuma, and a British warship are reported to have been sighted, cleared for action off Cape Blanco, and a battle is expected within a few hours.

APPROACHING PAPAL CONCLAVE

Diplomats From Warring Powers Meet at Cardinals' Reception.

PLANS FOR ELECTION.

Feeble Members of Sacred College to Be Given Rooms Close to Chapel While Voting for Pope.

Rome, August 26.—The fifth congregation of Cardinals was held yesterday in the Consistorial Hall. The meeting was short, owing to the diplomatic reception which immediately followed. The diplomats were headed by Prince Schoenburg-Hartenstein, the Austrian Ambassador, who is the dean of the corps. Other countries at present engaged in warfare were represented by the Ministers to the Holy See from Prussia, Eavaria, Russia and Belgium. The only other European country represented was Spain, the remainder of the diplomats being from Latin-American countries. The Austrian Ambassador delivered an address of condolence on the death of Pope Pius and reply was made by Cardinal Serafina Vannutelli.

In preparation for the approaching conclave to elect a successor to Pope Pius X. the printing bureau of the Vatican is getting out maps which are to be distributed to the Cardinals, showing each one where his apartments are to be located. Owing to their feebleness several of the Cardinals will be permitted to occupy Chael. As they must go to the chael twice daily to cast their ballots, these locations will avoid the necessity of their climbing stairs. Other Cardinals have been notified that they may celebrate mass in their own rooms, thus avoiding the fatigue of going every morning to the Pauline Chapel. For these Cardinals special small wooden altars are to be provided.

Cardinal Farley, Archbishop of New York, has reached Milan from Switzerland, and is expected at Rome today. His health is excellent.

HOLDS CORPS RESPONSIBLE.

William Sincox, Formerly of Alexandria, Alleged to Have Died From Neglect.

A suit, charging that responsible officers of the Medical Corps of the National Guard of the District of Columbia, were guilty of criminal neglect in the treatment of William Sincox, private, First Regiment, is threatened by the mother of the boy, Mrs. William A. Sincox, 328 I street southwest Washington. Young Sincox died early yesterday morning at the Walter Reed Hospital, to which he was admitted a week after his return from the recent annual endampment of the National Guard at Virginia Beach.

Sincox succumbed to cerebral tuberculosis, according to statements made by the hospital authorities to Mrs. Sincox. His illness first manifested itself shortly after the District brigade reached Virginia Beach. Basing her charges upon the story told by the boy upon his return, Mrs. Sincox declares that the treatment afforded him during his illness in camp hastened his death, if it did not insure it.

The family formerly resided in Alexndria where they have relatives and friend.

The body will be brought here tomorrow and interred in the M. P. Cemetery.

Stranger Has Four Bottles of Whiskey He Alleges He Bought in Dry Town.

Among the passengers on a train which reached this city from the South last Sunday night was a man who made the acquaintance of two Alexandrians shortly after he left the union passenger station. He told them he wanted to take a drink and was informed that no liquor was sold in Alexandria on Sundays. The stranger, seeing he was misunderstood, said he carried his own liquor and opened a suit case in which he displayed four bottles. He stated that he merely wanted a place where he could take a "swig" without attracting attention. He offered the Alexandrians drinks, but they declined with thanks. The owner of the liquor, after satisfying himself with a liberal drink, told his new acquaintances he purchased the four bottles in Fredericksburg on Sunday and further said that should the State go dry he expected to be able to purchase a barrel if he desired so much.

CONDITIONS IMPROVING

No New Cases of Typhoid Fever Reported During Past Forty-eight Hours.

The typhoid fever situation in Alexandria is improving according to the statement of Dr. E. A. Gorman, city health officer and Dr. J. A. Waddell, of the Virginia State Board of Health, who is here assisting the local health officers in stopping the epidemic. No new cases have been reported in the last forty-eigh hours and there have been no further deaths.

The work of improving the sanitary conditions of the city is continuing unabated and Mayor Fisher has instructed the police force to see that the health laws are strictly observed.

Dr. A. W. Freeman, assistant commissioner of the State Board of Health, is expected to arrive today in Alexandria to assist the local officers in their work. Pending the arrival of Dr. Freeman and some additional investigations which he desires to make in the suburbs, Dr. Waddell has not completed the report which he expects to make to the state board and to the local authorities on conditions here.

There has been a heavy demand for artesian water on account of the reported pollution of the city water and the Mutual Ice Company who have a large well, from which the well-known Mico water is drawn has offered to furnish water free to all persons who would send to their plant.

DAILY GAIN IN WEIGHT

Comes to Those Who Use Samose, Says Druggist, Leadbeater And Sons.

The poor, thin, emaciated person, when he or she becomes plump, rosy and robust by using Samose, forgets that there is such a thing as weakness and underweight.

Samose restores health to the whole system so that the tissues assimilate from the food all of those elements which make solid bone, firm muscle, pure blood, and sufficient fat to restore beautful and symmetrical outlines to the figure.

An increase in weight is seen from the first week's use of Samose, but if it does not restore you to your proper weight and give you full vigor and vitality, Druggists E. S. Leadbeater & Sons will return your money. You certainly can afford to try Samose on this guarantee. E. S. Leadbeater & Sons.

BACK TO OLD QUARTERS

City School Board Will Lease Rooms in Building at King and Alfred Streets.

At a called meeting of the City School Board held last night it was determined to lease rooms on the first, second, an dthird floors of the old Peabody Building, northwest corner of King and Alfred streets, for the accommodation of the overflow expected at the beginning of the school term next month. This will require the services of another teacher, additional desk and the usual accoutrements for school rooms. When the new high school building shall have been erected other arrangements will be made and the temporary quarters relinquished.

Under the present state law children from six years old and up are entitled to enter the public schools, and while a perceptible increase was expected under old conditions, when the age was seven, under the present law a much larger influx is anticipated.

Mr. Myers, chairman of the committee on school houses and furniture which has been inspecting certain places in the city with the view of leasing a proper place, stated that the rooms at King and Alfred streets were the best that could be procured, and that the owners were ready to place them in proper condition for the use of the board. All necessary conveniences would be provided, and the situation, he believed, was better than that offered at other places.

After a general interchange of opinion, durng whch the views of Mr. Myers were affirmed, on motion of Mr. Nicklin the report of the committee was adopted and the members directed to proceed with the work of arranging the rooms for school purposes, after which the board adjourned.

Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. laboratories of Chicago and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.

DURATION OF THE PRESENT WAR.

The tramping of the war horse is causing apprehension, in one way or another, in every clime. The prairie fire started by Austria in her ultimatum to Servia is spreading from the Arctic to the torrid zones, and, so far as can be seen, there is no rift whatever in the sable mantle now casting its shadow over the earth. Many are speculating as to the duration of the mighty conflict now being raged among civilized and half civilized nations. Some are confident the silver lining of the cloud will soon appear, but others, authorities, too, take a more dismal view, and are telling the nations to prepare for dismal eventualities.

Lord Kitchener, who knows whereof he speaks, predicts terrible carnage, and says the conflict may last three years. The people of London are alarmed as well as those of Paris, who fear their cities are destined to fall a prey to the Germans, while the latter are equally anxious lest Russia, while the Fatherland is using all her force against the allies, may enter Berlin. Germany is showing her anxiety by calling out boys from 16 to 19 years of age in order that they may be taught tactics by officers who have been set aside by reason of their years.

The "Land of the Midnight Sun," Norway, is experiencing a scarcity of food by reason of the war, and the people in that faraway land find themselvs about to face arctic winter with a shortage of supplies. Ordinarily Norway gets her rye and wheat from Russia, her coke from England and her sugar from Germany. Her supply of flour comes from the United States, and this country is the only place she can look to during the present order of things.

The steady hand of President Wilson is guiding the ship of State in a neutral channel, although it looks as though threats are being thrown out by beligerents as to the responsibility the United States may be called upon to face during or after this general war. General von Edelsheim, of the Prussian staff, implies as much in a long article in the Londen Globe, while Carl A. Luedebritz, German Consul at Baltimore, says the United States will regret very much in later years its present course toward Germany. He strangely holds the United States responsible for Japan's attack upon Germany, and suggests that this country should have done everything possible to keep the Mikado off the Kaiser.

Japan knew when she got enough in her recent struggle with Russia, and was willing, when the Mikado could do so with honor, to enter into peace negotiations at Portsmouth. The following from a German source is suggestive.

"From a high diplomatic source, a man closely associated with Count von Bernstorff, the German Ambassador, it was learned in New York last night that Germany hopes for early peace. This hope is pinned on the recent German victory over the French. The German hope is that somegreat neutral power—the United States, of course will offer mediation, which will be accepted by England and forced on the allies. Such an offer, the German diplomat says, would result in a general armistice and a world peace congress. The German terms would be a recognition of England as mistress of the sea and a recognition of Germany as mistress of the continent. It is known that plans are being formuiated by the German diplomats in this country, working in conjunction with prominent financial interests, to bring about a new offer of mediation from the United States when the Germans feel that their strength of arms has been sufficiently demonstrated to induce England to accept such an offer."

OLD HORROR REPRODUCED.

Eugene Sue, author of "The Wandering Jew," was a physician, and one of the most thrilling chapters in that work is a description of the horrors caused by the ravages of the cholera in Paris in the thirties. The author was an eye witness of some scenes he describes, and his account of the mobbing and trampling to death of Goliath, employed by a lion tamer, is one of the most horrible pictures ever penned. The people of the French capital "lost their heads" during the prevalence of the plague and as the deaths increased they imagined the doctors were poisoning their patients. They also believed that certain men were prowling about Paris for the purpose of placing poison in wine sold in the shops. Goliath, unfortunately, while about to drink wine in a public house, placed his hand upon a tankard in a suspicious manner and a few minutes later he was kicked to death by a mob as though he were a mad dog.

While all this happened in a day when ignorance and brutality had taken the place of common sense, it seems that certain people in Paris have advanced but little in the twentieth century.

When it was found that war between France and Germany was inevitable, many Germans in the French capital were brutally treated and in a number of cases murderd.

Most noticeable things in Paris in recent years have been the electric signs of Maggi, the big milk distributor. He had upwards of 100 milk depots in Paris, and is worth between $5,00,000 and $6,000,000. He is a German, but has lived in Paris for 20 years or more. The mob wrecked his electric signs and milk depots, and then some one started the report that he had poisoned the milk and was going to kill all his customers. The mob went hunting for him, but he escaped.

YANG YU YING'S FORECAST.

Chinese Consul General Expresses Suspicions of Japan.

New York, August 26.—Predictions of a war in the future between Japan on one side and the United States and China on the other, were made yesterday by Yang Yu Ying, the Chinese consul general in New York, who is a representative of the revolutionary and progressive ideas of the new republic. All Chinamen, according to Mr. Yang Yu Ying, look upon every movement of Japan outside her own borders or her own possessions with suspicion.

"China," he said, "does not believe that Japan is actuated by any high, noble, or generous ideals in seizing the German territory. Japan expects to profit by the seizure. She may return Kiaochow to China, but she will demand something in Manchuria in return. Germany, in 1895, prevented Japan from taking what she desired in Manchuria.

"China has massed her troops about the territory of Kiaochow, but this move is not regarded as an act of aggression. At the present time China has plenty of internal troubles.'

Asked about the German assertion that Japan, attacking Kiaochow, as making preliminary preparations for war with the United States, Yang Yu Ying said:

"All depends on the movements of Japan. If Japan adheres to the principles she has outlined, the United States will not have to act. But China believes the United States will have to go to war with Japan eventually. When that happens China will be an ally of the United States."

BRIDEGROOM ATTACKED.

Angered by Successful Elopement Orange County Man Waylays Bridal Party.

Fredericksburg, Va., August 26.—News has been received here of the marriage of Charles Carter, of this city, and Miss Mildred Irene Hicks, daughter of Mr. and Mrs. J. Thomas Hicks, of Orange county. The young couple went to the home of the bride's sister, Mrs. Robert H. Thacker, near Pamunkey, Orange county, and were united in marriage by Rev. J. A. Harlow, of Orange county. Later, when Carter was en route to Orange in a buggy with his bride, the father-in-law held up the bridegroom and assaulted the entire party with rocks. Mr. Hicks was later bound over to keep the peace. The couple went on their way rejoicing to Washington and other points before coming to their home in Fredericksburg.

Official announcement was made at the Vatican yesterday that the conclave, which will elect a successor to Pope Pius X., will be opened on August 31 It is the common law of the Roman Catholic Church that conclaves called together for papal elections shall open ten days after the death of the Pontiff. It was feared in the present case, however, that on account of the European war members of the Sacred College would find it impossible to arrive in Rome in time.

JAMES HAY MAY BE OPPOSED.

Republicans of Seventh Virginia District Meet September 29.

Harrisonburg, Va, August 26.—The Republicans of the Seventh Congressional District have called a convention for September 29, in Harrisonburg, at which time, it is thought, a candidate will be named to oppose James Hay, Democrat, who for 18 years has had but little opposition

State Senator John Paul, the leader his own following, and E. Dulaney Ott, who is identified with the old Acker-Keezel faction, have been mentioned. Ott announced yesterday that he would not be a candidate, stating that his law business would prevent him making the fight.

Paul, who is a son of the late Judge John Paul, while a regular party man, is a Progressive and a great admirer of Colonel Roosevelt.

The official news bureau of London says: "The German papers of August 22 and 24 publish orders that boys of from 16 to 19 years of age shall be put through a course of musketry and military training. Retired officers are to be engaged as instructors."
